

# Custom Blended Milk Replacers for Dairy and Beef Calves

## Profile

Milk Specialties Global Animal Nutrition offers customized milk replacers that are instant mixing and provide for your calves' performance needs. These formulas range from all-milk proteins to economical alternative ingredients, while offering medication, KwikMix® and acidification options.

## Available Proteins

All-milk	Best digestibility, excellent performance
Milk, Wheat & Plasma (includes Globulin Proteins)	Excellent digestibility, excellent performance plus antibodies
Hydrolyzed Wheat	Very good digestibility, excellent performance
Soy Protein Concentrate (S.P.C.)	Refined for better digestibility and better performance
Soy Flour	Good digestibility, good performance

## Medication Options

### Deccox® (Decoquinat)

For the prevention of coccidiosis in ruminating and nonruminating calves (including veal calves) and cattle caused by Eimeria bovis and Eimeria zuernii. Feed for at least 28 days during periods of coccidiosis exposure or when experience indicates that coccidiosis is likely to be a hazard. Deccox is a trademark of Alphama.

### Bovatec® (Lasalocid)

For the control of coccidiosis caused by Eimeria bovis and Eimeria zuernii in replacement calves. This product contains 45 milligrams of lasalocid per pound. Feed to provide 45 milligrams of lasalocid per 100 pounds (1 mg/2.2 lb) of body weight daily. Feed during periods of coccidiosis exposure or when experience indicates coccidiosis is likely to be a problem. Bovatec is a trademark of Alphama.

### NT (Oxytetracycline/Neomycin)

For treatment of bacterial enteritis caused by Escherichia coli and bacterial pneumonia (shipping fever complex) caused by Pasteurella multocida susceptible to oxytetracycline; treatment and control of colibacillosis (bacterial enteritis) caused by Escherichia coli susceptible to neomycin.

## Features

## Benefits

High Fat Level	Provides extra energy for consistent growth
Added Vitamins and Minerals	For optimum growth and complete nutrition
High Levels of Vitamin E	Supports the immune system
KwikMix® Technology Agglomerated Formula	Outstanding mixing convenience
Acidified	High level - Prevents bacterial spoilage, providing a shelf life of up to 24 hours once reconstituted  Moderate level - Improves digestibility

## Packaging

(50lb bags with Tag)

Herringbone Teal ..... PIN 707321

Herringbone Yellow .... PIN 707344

Herringbone Red ..... PIN 707320

Green Stripe..... PIN 707032

Blue Stripe..... PIN 707030

Red Stripe..... PIN 707031

Holstein ..... PIN 706161

White ..... PIN 706177
